Experience

Sasken Technologies	May 2025 – July 2025
----------------------------	-----------------------------

C++ Developer Intern

- Built a Linux-based CLI tool to monitor and control system processes.
- Used C++, Linux `/proc` filesystem, and Linux system calls to fetch real-time process statistics.
- Designed an interactive terminal UI using `ncurses` to display CPU usage, RAM utilization, process tree, and process controls.
- Gained practical experience in Linux internals and low-level system programming.

Projects

Online Hotel Booking App	<i>HTML, CSS, JavaScript, Express.js, MongoDB</i>
---------------------------------	---

- Developed a responsive hotel booking platform with hotel search, booking, and review functionality.
- Implemented backend services using Node.js, Express.js, and MongoDB.
- Utilized Mongoose for database modeling and CRUD operations.
- Integrated RESTful APIs for hotel listings and real-time booking availability.

Medium Blog Clone

TypeScript, Express.js, JWT

- Developed a Medium-like blogging platform with secure JWT authentication.
- Implemented CRUD operations for blog creation, editing, and management.
- Utilized Zod for schema validation to ensure data integrity.
- Deployed the backend on Cloudflare Workers for scalable serverless performance.

Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Microsoft Certified: Power Platform Fundamentals (PL-900)
- Microsoft Certified: Power Platform Functional Consultant Associate (PL-200)
